"The Ottawa Spotlight"

(By Wilfrid Eggleston)

The Canadian Legion Vimy pilgrimage constitutes the largest annual exodus to Europe since the war. 11 years ago, France is spending upwards of \$120,000 on an entertainment program for the representatives of her war time Allies, all of whom were invited to spend five days in France at the expense of the government of that country. The ceremony will be broadcast by radio in Canada, and sound pictures will also be taken for showing later throughout the Dominion. From Ottawa, Prime Minister Mackenzie King, C. M. G., will read a brief message at part of the Vimy ceremony, at which also President Leblond of France will speak. Many other Canadian and travelling about this summer since passports to the number of 4,000 were issued in June, and over 5,000 were issued in July, the largest number incidentally in any month for the past five years.

The United States lost on wheat due to terrible drought conditions there has been estimated at half a billion dollars. The American government has appropriated \$150,000,000 for four-state relief in 12 states and an additional \$100,000,000 for long term relief measures. Battering heat in the West, and also in Ontario, has wrought great distress among Canadian crops. It is still too early yet for any official estimate as to the size or quality of the crop to be harvested.

Directors of the Western Stock Growers' Association have asked the federal government to set up a \$500,000 stabilization fund to purchase all cattle forced to market from drought conditions at a fair price for quality offered. It is doubtful, however, how the request can be granted because the government has no money available for such a purpose and it divested itself voluntarily from the wool pools under "peace, order and good government" taken for itself by the Bennett government. Some assistance of some kind will have to be forthcoming, however.

Prime Minister King officiated at the corner stone laying of the new 100-roomlegation and residence being erected by the Federal government in Ottawa. The British and United States governments already have their residences and offices in the city, and it is not surprising that the only country to that nation is the only country with a minister here with permanent accommodation for its representative. Mr. King, in a timely speech, seized the opportunity to comment on the significance of such a little bit of French soil in the heart of Canada and the little bit of Canadian soil at Vimy in France. "This Canada speaks to the world asking it to behold what a world may become which carries deep the feeling of peace and justice and forges forever its emities of race," Mr. King observed.

Lifting of the sanctions against Italy apparently came in time to avoid a shortage of lemons in Canada, the use of them having risen sharply during the torrid heat waves across the Dominion in recent weeks. Ordinarily Canada's lemon supply comes partly from the States and partly from Italy. It is likely Italy takes some months for the normal trade between Canada and Italy to be resumed with the lifting of sanctions which were imposed last November because of Italy's invasion of Ethiopia. The Canadian government, as far as is known, has not become as excited

about the German airship Hindenburg flying over parts of northern Canada as have sections of the British public and parliament over sections of England on her recent flights from Germany in New York, Minneapolis, and C. D. Howe, minister of transport, has been inspecting sections of the proposed trans-Canada air mail route from Ottawa as far west as Winnipeg. Objectively is to have such service right across Canada in operation by 1938.

Mr. Hon. R. B. Bennett, Conservative leader, and honorary colonel of the Calgary Highlanders, has been awarded the Canadian efficiency decoration, according to a recent announcement of the National Defence Department. Mr. Bennett recently celebrated his 66th birthday in Vancouver.

Death of a guard in the Kingston penitentiary following an attack by an inmate, still likely investigated by the royal commission on penitentiaries when it begins its inquiry in the fall.

WILLIAM KIRTON, PIONEER CHIEF OF REDBENT PASSES

Well known Alberta pioneer and a former resident of Calgary, where he took a prominent part in the real estate business, William Kirton, 78 years of age, died at his residence in Cheadle early Tuesday morning following a lingering illness from paralysis.

He came to Calgary in 1889 driving from his birthplace in Banffshire, Scotland, and was a personal friend of the late C. C. King and the late Stanley Jones. He moved to Cheadle in 1926, and after continuing his business in that town for several years, was appointed postmaster in 1929.

Surviving are his wife, Gertrude; two sons, John and Harry, Cheadle; and two daughters, Jenn and Anne, Mrs. C. D. MacLennan in Calgary. A brother also survives in Scotland.

The funeral was held from the Leyden Funeral Home Thursday, July 23, Mr. Gilbert conducting the service, interment being made in Burnside cemetery.

CONFIRMATION SERVICE AT SACRED HEART CHURCH

Bringing to a close the week's summer school, held at Sacred Heart church, with two French students from Calgary in charge, sixteen children made their first communion at Mass Sunday morning.

At the Mass, presided at by Reverend Francis P. Carroll, Bishop of Calgary Diocese, confirmed twenty-eight boys and girls from Strathmore and the parish. His Lordship was welcomed to the parish by the men's committee, and Mr. T. Schulte read the address of the day. The rector, Rev. Mr. Carroll, then gave a most inspiring and instructive sermon on the Sacrament of Confirmation after which he briefly questioned the children, who were to be confirmed. After Confirmation his Lordship gave Benediction.

Following this a reception was held at the church, where everyone was given the opportunity to personally meet the Bishop.

Reverend Monsignor McCreary of Beltsville, Reverend Father Killeen of Rockford and James Smith of Calgary assisted in the Sanctuary.

W. L. PICNIC

Members of the W. L. met at the home of Mrs. McLeish Wednesday afternoon. We were very interested in the picnic, our birth place and what it was noted for. A dainty lunch was served by our hostesses Mrs. Teare and Mrs. Teare.

On Friday afternoon we entertained the members and children of the Strathmore W. L. in the park. During the afternoon there were games and races, the winners were D. Beane, G. Beane, D. Hillon, G. Tew, T. J. O'Neil, J. L. O'Neil, and J. L. O'Neil. Mrs. Teare, Mrs. Ted McLeish, Mrs. Zerkle, and other Nightingale ladies were the home show game.

Twenty-five very happy children sat on the grass for supper served by the Strathmore W. L. Flowers decorated the tables at which 25 ladies enjoyed a delicious and beautiful supper. A pleasant scramble for the children and lots of ice cream for all. The Nightingale Ladies expressed their thanks and all had a good meal.

The Golf Club House provided a refreshingly cool rendezvous Thursday evening for a number of the members and their friends when the ladies entertained at bridge, the proceeds to help pay the expense of several of the members. Twelve tables were arranged and it is needless to add some keen games enjoyed, followed by an abundance of choice refreshments at midnight. The second game of the series will be played Thursday, August 6th at 8:30 p.m.

The Printer's Troubles

Repairing damaged type, which eventually a boon, works worry for the Printer in the meantime. The power being off each day from 1:30 to 5 and with Wednesday a half holiday, The Standard asks your forgiveness if your paper is late this week.

TOWN COUNCIL

A regular meeting of the Town Council was held Tuesday evening, with Mayor Hughes in the chair, Messrs. Quinn, Ridsen and Miller also present.

The Secretary-Treasurer was asked to convey to Mrs. Bailey the standing order of the Council in her bereavement in the death of her husband who for a number of years was a member of the Town Council.

Mr. McLeish, handyman, was granted a week's holiday.

Various relief matters were discussed, and a number of accounts passed.

HEAVY FLAX IMPORTATIONS

Canada has averaged importations of flax at 2 million bushels a year during the past four years, besides 1.2 million gallons of linseed oil. This is contrary to the experience of a decade or so ago when the west used to export 5 million bushels of flax annually. There appears to be room for a reasonable expansion of flax raising in the West.

In view of the fact that the United States furnishes a market for a very considerable volume, she now obtains her supplies from Argentina.

SUNDAY AT UNITED CHURCH

Rev. D. C. Macgregor of London, Ontario, was the speaker at the United Church Sunday evening last. Mr. Macgregor is one of the strong men of the United Church and a treat in his sermons.

The Chedle Service will be drawn for this day. Mrs. Macgregor knows to many readers throughout Canada as Martin Keith, the author of so many interesting books will give an address Sunday morning at 11 o'clock when an open session of the Sunday School will be given to afford every one an opportunity to hear this talented writer.

Mrs. Macgregor speak on "Personal Experiences on a Visit to the Holy Land."

STRATHMORE'S SILVER JUBILEE CELEBRATION DRAWS LARGE CROWD OF INTERESTED SPECTATORS & VISITORS

(By Wilfrid Eggleston)

Strathmore's Silver Jubilee was rapidly celebrated, and a very comprehensive programme of sports and interesting events filled the day from early morn to midnight.

The Committee worked hard and gave unstintingly of their time and interest to make the day the success it was. Unfortunately weather and poor conditions interfered somewhat to lessen the general attendance, nevertheless it was a very commendable celebration and will most probably be repeated on some future occasion.

Opening the day were children's running races in the park. At 12:30 noon the parade which was the only piece of much favorable comment lined up at the Memorial Hall Corner and moved off headed by Strathmore's British looking very trim in their navy uniforms. Decorated cars and floats following were entered by Mayor T. S. Hughes, H. Miner, G. Palardy, J. A. French, Mrs. Van Tighem, J. Schandell, Cheadle, M. S. Hirtle, Old Times van, Conic cars driven by Harold Douglas and Standish. Decorated Double Bicycles, John French and Kevin Posing, Pat Frank, Van Tighem, Decorated Bicycles, Jimmy Craddock, Bert Freeman and Grace Hanson, Decorated Tricycles, Stanley Wright, Mueeney Ridley, Douglas McLean, and some horse and ponies.

Prizes for foregoing were awarded as follows. Prize for best decorated float M. S. Hirtle, 1st prize for best decorated car, J. Schandell, Cheadle, 2nd Harold Douglas. Best decorated Bicycle, George Freeman, 2nd Jimmy Craddock. Small boys decorated bicycle or tricycle, 1st Stanley Wright, Mueeney Ridley and Douglas McLean tied for second honors.

In the afternoon swimming races, horse races, novelty stunts filled the time.

The parade broke up in the Park where interesting addresses were given by Chairman T. E. Wright and Mayor T. S. Hughes. Mr. Wright explained the purpose of the celebration and that such events would be Strathmore on the Map in a very commendable manner.

Mayor Hughes in his address, spoke as follows:

On July 6th, 1911, Strathmore was incorporated as a town, and received its charter on July 21st of that year. In the twenty-five years ago yesterday we are met here on this auspicious occasion to celebrate this event of the standing importance in the history of our little town. A quarter of a century takes up no small portion of one's existence.

Entering on another milestone in our history to realize the freedom of time, a fact realized centuries ago by the Romans in their phrase, "Tempus fugit," time flies and, time certainly does not go on crutches, but flies and flies and we wake up to find another year gone by, then ten, twenty, then twenty-five, and so we arrive at our Silver Jubilee.

We are very proud of the fact that we still have approximately sixty citizens of Strathmore today who were residing here at that time, and to these people (the Old Timers) I must say that we are very pleased that it is possible for you to join in celebrating this occasion.

Compared with the Old Timers, I am more or less of a new comer, and as Mayor of our fair town, of which we are all very proud, although we may not be in an outstanding financial position with most of our towns, we can be very grateful for the fact that we have no debt outstanding. I do not claim credit for our present financial position, or practically any of the developments made, but at this time would like to congratulate the Mayor and Councilors on what they have done in looking after the affairs of Strathmore, and also the general appearance of the town.

When we look at all these trees, our little park, and many other improvements, we must realize that many of our citizens and planning have back to the future and it is necessary to accomplish this, and to our Ex-Mayors and Councilors, we wish to express our gratitude.

Now we are gathered here today to celebrate, and on behalf of the citizens of the town of Strathmore, I, Mr. A. J. Anderson, of N. D.

to extend a hearty welcome to those who have come in from the surrounding districts to join in this celebration with us, and I hope that when you go home tonight, on the small hours of the morning you will be so feeling that you have had a most enjoyable day.

Baseball Games

In the first game of the baseball tournament, Queenstown and Arrowwood met, with the former team winning by a score of 7-2. Although the Queenstown boys out-hit their opponents, errors proved costly. As Crellin, Strathmore pitcher, pitched the whole game for the winners and knocked the only home run of the game. The Queenstown team made a great comeback in the 7th inning, when they came to bat with two down and three runs to win the game without a single out.

Batteries were—Queenstown, Crellin, Hubert; Rockwood, Christensen, Sangster and Wilson.

In the final game, Gleichen defeated Queenstown by a score of 10-1, to win the championship. Although there were fewer errors and the players put up a better brand of ball in the cooler weather, the game was less exciting than the second round game.

Batteries were—Gleichen, Lester and Quinn; Queenstown, Mallet, Hubche, and Sharpe.

Horse Shoe Pitching Contest

Winners were Ed, Dave Walsh, 2nd J. A. Teach, 3rd Paul Christensen, 4th Wm. McNeill.

Boxing and Wrestling

The boxing and wrestling matches which concluded with boxing and wrestling matches which were held in Hirtle's Theatre at 8:30 in the evening. The bouts had been scheduled for 7 o'clock but owing to the late finish of the second ball game, they were postponed for two hours. In spite of this delay the matches were quite well attended, and the crowd was very enthusiastic over the exhibition presented.

The opening feature was a wrestling match between Andrew Garrett and Bobbie Brown. The boys put up a novel contest, Brown emerging victorious with two falls out of three.

The main wrestling bout of the evening was fought by George Peterson of Nankana and Dave Tully of Okotoks who gave the crowd a fast and furious presentation of the grunt and growl. On many occasions one and the other man was quite well off the ropes, and the referee was kept busy. Peterson was a large favorite with the crowd, but in spite of the fact that he gave Jacobs plenty to worry about Jacobs won the bout with two falls out of three.

The first preliminary boxing match was fought between the two diminutive sons of Len Roberts, Tuffy, as Max Schmelling and Teddie as Joe Louis. Although Tuffy had a considerable handicap in weight he carried the fight to his big brother with a right good will. Teddie scored a knock down, but Tuffy came back stronger than ever. The boys got a big hand from the crowd as they left the ring.

The second bout was over almost as soon as it began. Buster Rusch of Gleichen tore right in to Gordon Velford and gave him a clonch on the head and Rusch's flying fists brought the fight to the floor followed by a straight left and rights brought Velford down. Velford was up within one minute of fighting. The final preliminary bout the full length however, when O. Garaway met Chas. Smith of Gleichen. This bout began with Garaway pressing Smith and Smith waiting for an opportunity. During the first three rounds the fighting was fairly even but suddenly Smith opened up, scoring one knockdown in the fifth and two in the sixth.

Mrs. S. Bower returned last week from a month's visit with her mother-in-law, Mrs. A. J. Anderson, of N. D.

MRS. F. BENZ' FATHER KILLED IN AUTO ACCIDENT

Mr. J. Smith of Calgary was instantly killed in an auto accident which occurred a few miles east of Banff about noon Sunday. Mrs. Smith was seriously hurt and was removed to her home in Calgary in Strathmore ambulance.

The accident is said to have been caused by the collision of a car driven by H. S. Wilson of Banff. Both cars were travelling eastward when Wilson turned out to pass the car driven by Mr. Smith. Apparently the cars collided when the Smith car got out of control, smashed into the heavy guard cables and turned over down the bank.

Mr. Wilson at once got out to go to the assistance of the Smiths, to find that Mrs. Smith was seriously hurt, and Mr. Smith had been killed. Driving with Mr. Wilson were his wife, daughter aged 12 and a girl friend aged 13.

Wilson is being held on a charge of manslaughter.

All the fields were flashes of fire,
The lightning-bugs were drifting
higher
Than dim trees against the night,
It must be fun to take a light
When going courting. That brought
back
A thing of which he'd lost the track
For fifty years—how he and Jane
Had walked one night along a lane
Carrying a lantern. He had hold.
And she had hold, and there was gold
Light spilling on the clover tops
Between them as they went, and
drops
Of dew caught fire, and they said
Not one word but went ahead,
And he knew that their steps would
go
A lifetime long together so.

NIGHTINGALE

Dr. Giffen came out last Tuesday
and vaccinated the Valley Gardens
children for smallpox and diphtheria.

Mrs George Thurston entertained
the Women's Institute ladies at their
regular meeting last Wednesday.
Work on the quilt went on during the
afternoon and plans were made for
the coming conference in Strathmore
July 29. Myrtle Stoodley and Milt
Harrison sang a duet and Doris Hill
entertained with a dance and
song. Community singing was enjoy-
ed by all. A delicious tea was served.
Everyone expressed their thanks to
Mrs Thurston for a pleasant after-
noon.

Last Friday the Nightingale W. I.
members were guests of the Strath-
more Institute at a picnic held in the
park. Races and contests were the
main sport features of the afternoon.
Then at five-thirty a sumptuous sup-
per was served. Everyone could
scarcely do justice to the many deli-
cious salads. Mrs McConnell on be-
half of the visitors expressed the
thanks of all visiting ladies.

Mrs Swaigart and children of
Trochu are guests at the G. C. Ston-
er home the past week end.

Rev. Chapman of Rockyford was a
local visitor Saturday. On Sunday
services were held in Valley Gardens
School. He hopes to continue these
services every two weeks for some-
time.

Miss Isabell Newell is enjoying a
holiday visiting with her sister Mrs
Thurston near Langdon.

Bert Griffith of Midnapore was a
visitor last week with his friend Jack
Stoodley.

Last week lightning killed a horse
for Frank Hinson. This particular
field seems to be magnetic as Walter
Osmond was killed near there some
years ago and a team of horses be-
longing to Don Osmond was killed
near the same spot.

olent inhabitants.

NOTES ON WHEAT

Broomhall anticipates steady buy-
ing of Canadian wheat. The United
Kingdom is paying strict attention
to the drought damage in North Am-
erica.

A couple of the United States' fore-
most crop estimators were in Alberta
this week and made a tentative es-
timate of \$5 million bushels as the
probable Alberta crop. Last year's
crop was 102 million bushels.

Weather in Europe has been un-
usually cool and wet, and hence ad-
verse to the wheat crop as the qual-
ity is thus reduced.

WHAT THE FARMER
BUYS AND SELLS
(By H. G. L. Strange)
(Continued from last week)

The losses suffered do not, however
end with farmers, for it is obvious of
course, that the reduced farmers' pur-
chasing power demands a much smaller
quantity of manufactured goods than
before.

The following was compiled: The
Jubilee committee—Mayor Hughes,
J. E. Wright, M. S. Hirtle, R. E. Gray,
J. A. French, L. Hill, W. Woodruff, J.
Gunn, Mrs. Koch, J. Sprague, H. Mc-
Gregor, L. C. Van Tighem, G. H. Pat-
rick, C. F. Nicholl, L. R. Jones and
T. M. Wears.

Some very artistically decorated
cars were in the parade and were a
credit to their designers.

The Prize List of the Children's
Sports will be published next week.

round, Garraway was on the floor
when the final bell sounded. Smith's
win was enormously popular with the
crowd.

The main host of the evening
entertainment for ten rounds, only went
three thirds of the way. Fighters of
Arrowwood began a terrific attack on
Thomson's body right in the first
round and had Thomson on the ropes.
In the second round Thomson tried to
get into the fight but Hirtle's broke
through his guard and continued the
 onslaught. In the third round Thom-
son took terrible punishment. With
very sporting gameness, until, dazed
and wobbling, he went down for the
round. The crowd went home contented,
all of the fighters were game and
plenty of unexpected things happened.

The dance at night attracted a
large number of devotees who tripped
to the musical strains provided by the
Hiro Sorenders orchestra.

IMPARTIAL AS LIGHT

YOU cannot argue with light. It just shows
you things as they are. It plays no favorites.
It gives brightness to the things that are
already beautiful and it floods revealingly into
the dark corners to show the dust and the
grime and the hidden ugliness. If you guess
at the nature and quality of things that are
only half seen, if you see things that are not
there, your eyes and your imagination are to blame.
For it is only *illumine* the aspects that are turned
towards it.

NEWS is like light. It sheds a beam on men and events.
It lifts the darkness from promotions and policies. It pen-
etrates to hidden things and shows the truth as it is, for all
to see.

THE news columns of a good newspaper are impartial. They
tell the truth as it is found, they give all the facts that one
knows. The same news that guides the editorial opinions
is there in full to inform your own judgments. It is the
chiefest function of a reputable newspaper to bring every-
thing of importance to the people into the daylight of pub-
licity, discouraging vice and corruption and chicanery.

The independent newspaper of Southern Alberta sheds
the light of truth on the happenings and developments
that interest you. Read this, confident in their
integrity.

That is to say, calculated on a basis
of the quantity or amount of each of
the 147 items chosen that a farming
family of five people, living on a half
section of land, would use or con-
sume during the course of a year.
Now, farmers form about 40 per
cent of the population of Canada,
hence such a serious decline in the
purchasing power of such a large
percentage of the population must
have very serious results on the rest
of the people. Indeed, perhaps it is
not too much to say that if the prices
of the products farmers sell, and
the prices of the things they have to
buy, were back to the relationship of
1912-14, the greater part of the de-
pression in Canada would be ended
and large numbers of people now un-
employed would be put to work. As
well of course, the numerous creditors
of the farmers would benefit, as the
debt repaying ability of agriculturists
would be increased.
Of course it would also seem that
it would be a very fair, just and pro-
per thing for farmers if it could be
done.
But can it be brought about?
